

CHECKING INTO THE U.S. NAVAL WAR COLLEGE

College of Naval Command & Staff (CNCS) In-processing Information

Report No Later Than Date: Friday, 1 November 2024

Uniform for in-processing:

USN: SDB

USA: Army Class A (AGSU or ASU)

You may report earlier, provided it is within the boundaries of your orders and cleared by your NWC Service Advisor.

In-processing is currently done in a hybrid fashion, some parts electronically and some parts in-person. DO NOT report to the NWC Quarterdeck to have your orders stamped. Check-in to NWC will be done virtually via the "New Student Arrival and Check-in" form located on Blackboard. Once the electronic form is submitted, you will be contacted by someone from our OPSCCELL to confirm receipt of your information. DO NOT fill out the form until you arrive. Your official check-in (Orders stamp equivalent) will be based on submission of this form. You also need to schedule an appointment to come in for the in-person portion of your NWC in-processing. The link is on Blackboard. Follow instructions on Blackboard for your NWC in-processing paperwork. Details on how to access Blackboard are contained in Attachment 2 of the welcome aboard email.

Non-Navy students will receive additional guidance on Service specific in-processing requirements.

Do not bring family members with you when you report for in-processing. You will have other opportunities to show them around. Note, household goods shipments get delayed all the time. **DO NOT PACK UNIFORMS NEEDED FOR IN-PROCESSING AND DAY ONE OF ORIENTATION!!**

Action Items:

- ☐ Email studentpoc@usnwc.edu ASAP with the following:
 - rank; full name; name you prefer to be called; and a contact phone number and email address you will be able to access while en route to Newport (preferably a personal email)
- ☐ Register in the student enrollment system; due by 19 September 2024 (attachment 1)
- ☐ Log into Blackboard (available 20 September 2024) (attachment 2)
- ☐ Complete Cyber Awareness Training, DON Annual CUI Training, and sign the User Agreement (attachment 3)
- ☐ Bring your personal device (iPad, tablet, laptop, Chromebook, etc.) (attachment 4)
- ☐ Send copies of JPME I completion documentation to michelle.marston@usnwc.edu

5. Security Clearance Information

Attendance at the Naval War College requires at least a SECRET level clearance. If you are not currently cleared for SECRET or are due for a periodic review (PR), you should initiate the request immediately at your current command. While a SECRET clearance is required, most

courses are taught at the unclassified level. SIPRNET accounts will NOT normally be established unless academic or community requirements dictate access.

Though it is not necessary to have a current TS/SCI eligibility, some of our Elective courses and Special Programs/Advanced Research Projects (ARPs) are held at this level. Students with current TS/SCI eligibility may apply for these courses. There is no need to send SCI clearance information prior to arrival at NWC nor do military students require an SCI transfer in status (TIS). NWC SSO will verify clearances and facilitate SCI indoctrination if required for Elective course enrollment. Please note, if your SCI eligibility is expired, our SSO cannot submit you for a reinvestigation solely for the purpose of taking an Elective course as it does not meet the “need-to-know” threshold. Contact the SSO if you have questions, sso@usnwc.edu.

GUIDE TO LOGGING INTO BLACKBOARD FOR THE U.S. NAVAL WAR COLLEGE

Blackboard will be available on 20 September 2024

1. Log into Blackboard: <https://navalwarcollege.blackboard.com/> (If a box comes up asking for credentials, click cancel. The login page for Blackboard should then open. If not, copy and paste the link instead of clicking on it.)
2. Use your First.Last name as the username, for example: David.Schmidt. However, there are some exceptions, for those with very long names as there may be some truncation, and for those with more common names, there may be a number after your last name (David.Schmidt2). If you are one of these people, you will receive instructions separately with your username.
3. Click Forgot Password to obtain your password. You will be required to give your first name, last name, and your username (see #2 above). You will then receive an email with a link to create your password. **Note, the email is the one in the student database that you provided in your registration.**
4. Once you log in, Dean of Students Information Center will be listed as one of your courses. Click on that and then look to the menu buttons on the left side of your screen and
 - a. click on Student in-processing. You will find the New Student Arrival and Check-in online form mentioned in the Checking into the U.S. Naval War College document. You will also find required NWC student in-processing documents.
 - i. **If you do not see the menu buttons on the left side of your screen, click on the thick blue or grey line. The menu buttons will pop out. It may take a few tries, depending on the type of device you are using.**
 - b. Click on the Orientation Information menu button to find your orientation schedule and other orientation information.

If you experience any difficulties, please contact

US Naval War College Acceptable Use Policy for Information Technology Systems

USER AGREEMENT AND CONSENT

By using Department of Defense (DoD) information systems, you acknowledge and consent to the following:

System Access: You are accessing a U.S. Government (USG) information system (IS), including any attached devices, intended for authorized use only.

Monitoring and Inspection: The USG may intercept, monitor, and inspect communications and data on this system for purposes such as network defense, law enforcement, and investigations. Communications and data are not private and may be disclosed or used for authorized USG purposes.

Security Measures: Security measures like authentication and access controls are for protecting USG interests, not personal privacy.

Privileged Communications: Privileged communications related to personal representation by attorneys, psychotherapists, or clergy are confidential. However, this does not restrict USG actions for network protection or communications security.

Consent to Monitoring: You consent to the interception, capture, and seizure of all communications and data for authorized purposes, but this does not negate any applicable privilege or confidentiality.

Legal Protections: Privilege and confidentiality are determined according to legal standards and DoD policy. Seek legal advice if relying on such protections. Users must reasonably identify privileged or confidential data, though failure to do so does not waive protections.

USER RESPONSIBILITIES

To ensure the security of Navy IT resources, you must:

Safeguard Information: Protect information and systems from unauthorized access, modification, or misuse.

Protect Data: Safeguard Controlled Unclassified Information (CUI) and classified information from unauthorized access.

Secure Authenticators: Maintain the security of passwords, PINs, and authentication tokens at the appropriate classification level.

Virus Check: Scan all files for viruses before uploading them onto Navy IT resources.

Report Incidents: Immediately report security incidents and PII breaches.

Access Authorization: Access only the data and resources for which you are authorized and have a need-to-know.

Follow Policies: Adhere to all policies for the secure operation of Navy IT systems.

Email Security: Digitally sign and encrypt emails as per current policies.

Operational Security: Follow all operational security measures in accordance with DoD and Navy directives.

PROHIBITED ACTIVITIES

When using Navy IT resources, you must not:

Auto-Forward Emails: Do not auto-forward Navy emails to commercial accounts.

Bypass Security: Do not test or bypass security mechanisms (e.g., firewalls, antivirus).

Unauthorized Software: Do not introduce or use unauthorized software or hardware.

Equipment Changes: Do not relocate or modify equipment without authorization.

Personal Devices: Do not use personal hardware or software without written authorization.

Executable Files: Do not upload or download executable files without approval.

Disruption: Do not participate in activities causing service disruptions.

Malicious Software: Do not introduce malicious software or code.

Inappropriate Use: Avoid uses that reflect adversely on the Navy, including inappropriate content or unauthorized solicitations.

Insufficient Security: Do not place data requiring higher security controls on systems lacking adequate protection.

Acknowledgement

By signing, you confirm that you understand and agree to adhere to these terms and responsibilities.

The Naval War College Digital Curriculum / Bring Your Own Device Policy

Based on extensive research and evaluation, the Naval War College is digitizing a majority of the curriculum with the intent to provide an improved educational experience for our students, save printing costs, and do our part to help save the environment by reducing our use of paper.

What does this mean for me? The NWC is no longer issuing all curriculum materials in print form. Students will now be provided digital copies (in lieu of printed materials) for all curriculum materials that can be digitized.

Bring Your Own Device

The NWC has adopted a Bring Your Own Device (BYOD) policy. All students are required to bring their own laptops or tablets in order to access the digital curriculum. The college will provide you with the formatted readings and instructions on how to load them onto your device. By using your own device, you will be able to retain all the selected readings on your tablet for future professional reference. **Bring your device with you as you so you can setup your Wifi account during check-in and attend Zoom sessions as needed.**

Suggested Devices

Nearly all devices will work with the Naval War College's digital curriculum. In the past we have had success with Microsoft products, Apple products, and Android products. Some examples include iPads and the Microsoft Surface. Traditional laptops (PC and MAC) work just as well.

War College Email and Wireless Network Access

Mobile devices such as phones and tablets and laptops will not require a CAC reader to access email or calendars.

While at NWC, students will be able to access a wireless network within the Naval War College. Personal devices should have the latest security and software updates as well as a current anti-virus program installed. If they do not, they may not be allowed to join the wireless network.

Can I get ALL my readings in digital format? Not yet. Required readings for your courses are either "Selected Readings" (articles and the like) or books. We have been successful in converting 95% of the Selected Readings to digital format and they will be available for loading onto your device. Regarding books, most of those used in our curriculum are not yet available digitally; however, the College is working with publishers to make them available in the future. In the meantime, students will be issued the print version of books that are not yet available in digital format.

Will the NWC support/service my personally owned device? No. NWC personnel are not authorized or trained to provide servicing of personal devices. The NWC can

only provide the formatted readings and instructions for you to load the readings onto your personal device.

Can I buy a device from the NWC? No. Devices are available directly from the manufacturer or at military exchanges and other retail outlets.

Does the NWC have loaner laptops? No. You must bring your own device.

What should I do before arriving in Newport? If you already have a personal device you would like to use, do your best to make sure it is up to date. This includes Apple updates, Windows updates, and software updates (Java, Flash player, Internet Browser, etc.), and current anti-virus software such as McAfee, Norton, or Symantec. If you do not have a device, please purchase one and update it.

Should I set up a Zoom account prior to arrival? Yes. Go to <https://Zoom.us> to setup a free account. Ensure that your full name is displayed as your username so when we take attendance during Zoom sessions you get credit for being there!

Should you have any questions, please feel free to contact the Help Desk:

Advance moving tips:

Create a Defense Personal Property System (DPS) account at <https://dps.move.mil/cust/standard/user/home.xhtml>

Contact our office as soon as PCS/Retirement or Separation orders are received to set up an appointment

Provide a seven (7) calendar day pickup date spread when accomplishing your application for shipment. ***Do not make commitments until your move dates are secured with a carrier.***

Allow sufficient days to clear out of housing, rental or closing on your home.

Optimal move dates...

Peak moving season is extremely challenging for all customers. Carrier capacity during June and July is at a premium. Customers are encouraged to avoid the last two weeks of June through 4 July.

Excess weight can cost the customer a lot of money. An easy and usually dependable method is to estimate a 1,000 pounds per room. You can also ask your personal property counselor the weight of your previous shipment.

Lastly, ensure your residence is clean prior to your scheduled pack date.

Personally Procured Move (PPM):

Have a contingency plan in case primary or alternate dates are not available. If no government contractor is available to move your property, you may want to procure your own moving company.

You can get an estimate for your upcoming PPM when you apply via www.move.mil. The estimate identifies how much the government will pay if you choose to “do-it-yourself.” You can use this money to cover the cost of hiring packers, renting moving trucks, and so on. If you spend less to move your property the government will incentivize you to move yourself, you get to pocket the difference!

Don't forget before you can secure your move dates you must have travel orders in hand.

Customers can access detailed key shipping information, links and other pertinent information on the Department of Defense Household Goods Portal at

<https://www.militaryonesource.mil/moving-housing/>

**Instructions for
Primary Professional Military Education (PPME)
for the College of Naval Command and Staff (CNCS)**

If you are a Navy Officer and will be attending the Naval War College in the College of Naval Command & Staff (CNCS), you are required to complete the e-learning PPME course in preparation for JPME Phase I, unless you have previously completed JPME I through a *Navy only* distance education program.

Students who have completed JPME1 through Navy CDE courses are not required to complete PPME, however, you must send us a copy of your JPME I certificate to shelly.marston@usnwc.edu; Subj: JMPE completion

Get started as soon as possible - **this course requires approximately 70 hours to complete.** We realize that some of you may not have time to complete the PPME course prior to your arrival. Although not an ideal scenario, you will have some time after your arrival and prior to the start of classes to complete this requirement. Anyone anticipating this situation should contact the Deputy Dean of Students as soon as possible. Unless prior arrangements have been made, PPME completions certificates are due no later than the first day of class.

Getting Started on PPME (You must use a CAC enabled device.)

- Connect to <https://my.navy.mil/> and log in.
- Click Professional Resources
- Click Navy e-Learning
- Click OK
- Click on "Course Catalog Tab"
- Click on "Department of Navy (DON) Training"
- Click on "Professional Military Education"
- Click on "Primary Professional Military Education (CWOs and O1 to O4)"
- Enroll in and complete **all seven blocks** of the Officer PPME training.

If you are unable to see the PPME courses, follow the following instructions:

- Connect to <https://my.navy.mil/> and log in.
- Click Professional Resources
